my SPO's varying from 60% to 75%. There in 4-Point for 70 hours LT's failed to provide the uriner. Causing me to Urinate on myself. LT. Saulouim, correctional officer C. Simmons making fun of me laughing, joking at the fact that my tongue was hanging out of my mouth. Due to a sugar attack of LT. Saulouim not feeding an apple, or something sweet he stated "If I can't feed him what I want, he will not me." That cause me to loose fluids, and constantly biting on my tongue. The amusement carried on even Nurse Bratha, Nurse Potter started joking when my blood sugar was still high at 99 from 131 it was still above 7%. According to my AEE at American Diabetic Association. Mental Health was suppose to intervene when the hour hit over 8 to 10 hours in Restraint/4-points. Regional Director J. Ray Ormond notified after 8 hours according to Bureau of prison policy of program Statement 5566.061. However the staff misconduct continue with B. Chappell failing to notify staff of Restraint check every 2 hours. Instead they conduct it every 4-hours in 4-Point. Dr. R. Brockman, SMV COORDINATOR WAS NOTIFIED by C. Simmon trying to manipulate an Suicide issue as if one trying to harm their self in 4-Point in hard restraints when they are depriving one food after gaining knowledge I'm chronic care an a diabetic. Dr. R. Brockman comes to J-Block in a Wool Jacket it's winter, and asks me if I was suicidal. I responded no, but I need her to check into this misconduct and that I need medical talking with my tongue out my mouth. Due to the fear of my tongue going down the back of my throat as if I was going to swallow it. I ~~literally~~ literally can feel it sliding slowly. I'm mental, and I take prozac well (Fluoxetine HCl 60 ug) finding myself going into panic attack. However

IV. Statement of Claim (continued)

Dr. R. Brockman stated she will look into it and left out of J-Block. I started to loose more and more fluid of blood sugar ~~about~~ about 9/7 ~~that~~ that is 131 on a fast check even if it was 112 blood sugar it would still be high losing sugar/burning at 784 mg at a 7% it clearly shows it's over 7% and the Nurse Brotha, Nurse Potter should have contacted Dr. Andrew Edringer Clinical Director. However they say Medical he did and he did nothing, no one order of insulin or nothing. This neglect got so bad SIA & Correctional officer Specialist Mrs. Nichols had to make a call to LT. Badnisch and Kolwalchick. In coming up after being 4-pointed since 3:45pm JAN 19, 2019 to JAN 20, 2019 @ 10:35pm. Nurse Potter took my blood sugar one last time it was 99 still Nurse Creveling had a diabetic suppose to be lunch, but it only had two slices of bread and cheese. No apple or meat. I'm 37 years old my A1C level is with the 7% mark to watch. This abuse of is over officer K. Williams deducting peanut butter out of my bag meal / Alternative Meal. Now in this 70 hours of 4-Point the muscles group that was torn was the Infraspinatus Teres Minor; Middle trapezius Rhomboid; Middle & Lower Trapezius; Subscapularis Pectoralis Major & Minor. X-Ray 6-14-19 as to 70 hours 4-Point showed: There is minimal osteolysis involving the distal end of clavicle. Soft tissues appear unREmarkable. In both (L) Shoulder and (R) Shoulder. However as to the Regional Counselor as to tort claim # TRT-NER-2019-01945 MR. DARRIN HOWARD Fabricated documentation as to the facts of the 70 hours 4-Points showing manipulation of document stating showing in written things that never took place in this incident. Investigation Report from Warden Ebbert through A.W. Program Mr. Watson and A.Warden Operation Mr. Rolonsky. Falling or coming from correctional service Captain J. Konkles III, of Lewisburg. The tort claim is so frivolous as to the facts of Bureau of Prisons Staff reporting at Lewisburg, U.S.P./SMU. Legal Paralegal Mrs. K. Sorce fail to issue a copy to me) to attach to this claim after cop-out (Inmate Requests) petitioned to her office. However after X-Ray was conducted I was placed on USP Lewisburg SMU program call-out for surgical injections, July 3, 2019 @ 9:17 AM Escorted to Medical by Correctional Officer Specialist NOONER. Injection of "Mthly Prednisone Injection" to the (L) & (R) shoulder/arm area in the injured muscle group while prescribe Meloxicam 7.5mg (Muscle Relaxer). Less than 2mins it was over with, and placed in my unit where officer in G-Block took me and NOONER left the, now the officers in G-Block while I was out at Medical. Wrongful searched my celly, messing my cell up. My legal work was all over the top bunk, taking sheet, blanket, medications; I'm a diabetic taking my jellies, Kool-Aid, ink pens, etc. Water on the floor just a mess. I'm in the SMU program where it's nothing but Enticement. All day long, through Mental Health, etc. However I'm forced in restraints after getting surgery of injections. I need a LT to address this issue so C/O C. Horley make a situation out of his own doing of trashing my cell. Instead of LT. Sawylor resolving the he and I result in him placing me in 4-point July 3, 2019 Sameday until July 5, 2019 at 11:25 AM. Now just imagine being in

held in a truck of a car a long road trip for 398 hours in hand restraints or duck taped. Being feed when ever if however I want and your blood sugar level is above 7% at 110. You obtain blister, Laceration, nerve damage to bothe wrist (R) & (L) wrist. No Mental Health intervention as in my case 4-Pointed in X-block in a Observation cell with a camera in X-block and J-Block. Like the 70 hours. LT. Baderisch; LT. Knapp; LT. BEACHEL, LT. LEONOWICKSY; LT. Shrink, LT. Ebrahim. Witnessed the neglect and the neglect of abuse of powers to the point they started playing on their authority as their position in power to abuse when one is in 4-point by stating he is manipulating restraints, etc. Mental Health did not intervene until I Request and when I did LT. SAWYOR tried to pulled the suicide card. When I was standing on the topic of a crisis situation being held in 4-point against my will with the claiming I'm holding hand restraints. I've been since July 3, 2019 at 9:17 AM.

Now July 5, 2019 Warden Ebbert, Associate Watson Warden, 2nd Associate Warden Rolonsky of Operation. Where at work when the correctional service staff and captain calling for ~~to~~ give me one more hour everytime one would say pull him up. Basically they observe the neglect through cameras not just in control; but other cameras that can not be manipulate. July 5, 2019 after surgical injection P.A Ayer rate in I was in pain of 2 to 6 on a scale from 1-10.

However she and Dr. Andrew Edinger refuse to provide medical attention, or X-Ray even after being informed of LT. Knapp Pressing his weight down on my (R) arm

IV. Statement Claim (CONT)

For the operation of taking a Urine. Dr. C. Moore of Mental Health came and got a visual of my condition and I informed her that I want a intervention investigation started as to this Misconduct which is prohibited by B.O.P Policy Statement 3420." and Dr. J. Enigk came and got a visual I informed her of the torture ~~in~~ AND INHUMANE treatment that custody had going that was cruel. Dr. J. Enigk informed that she had come to check on me and etc. That she will look into it. Restraint check again was every 4 hours they neglect to feed 3 times a only allow water correctional Service official laying in Urine again. This abuse of powers and Excessive Force is cruel and a berins action as to the inhumane conduct as well as Retaliation of official target due to I as a inmate upholding a right to file grievances and program accordingly as my educational transcript is attach to this civil claim of action also sentence computation sheet. As well as grievance of correctional officer J. Romig; M. Cressinger, C/O Sheesly Tampering with my food and etc. Showing Grievances where at the institutional level and the National Inmate Appeal level the administrative remedy procedure is not fair. It fails to investigation instead they rely on the Institution to bring forward and trust that it is true when it's manipulate as to the facts. Especially when excessive force is being conduct in misconduct like tactical force camera showing where correctional J. Earp pulling my (R) arm back after surgercial injection as in he was trying to break and B. Missagman pushing ~~down~~ on my head

IV. STATEMENT claim (CONT)

to the point I'm explaining/ Informing LT. Sawyler to Regulate his officers in tactical gear to stop Applying excessive force. No Response, so I was force to resist a little and say "break my Arm, you going to how to break my arm". LT. Sawyler tell your staff to stop pushing on my head in a downward position as hard as he is. Still LT. Sawyler paid no mind knew my (R) hand restraint was on extremely tight Missing my nerves in my (R) hand Medical had to force a finger through LT. Ebrahim Loosen and again saw laceration, blisters as if they were trying to cut all of my nerves off in my (R) hand. Intentionally, and knowingly. Excessive force & abuse of Powers. Tort claim filed as to the 398 hour after surgical injection July 3-5, 2019 from 9:17AM to July 5, 2019 11:25AM

INFORMAL RESOLUTION ATTEMPT # G-26-19

In accordance with Program Statement 1330.16, Administrative Remedy Program, this form will serve as documentation by the respective staff member and his unit manager to indicate an informal attempt to resolve the complaint of the following inmate:

NAME: Jordan Reg. No. 22702-009
 FORM TO INMATE: 2-13-19 STAFF Diltz W
 (Date) (Name) (Unit)

A BP-229(13) WILL NOT ORDINARILY BE ACCEPTED WITHOUT THIS COMPLETED FORM ATTACHED

1. Nature of Complaint (to be completed by inmate):

2-7-19 I placed a sensitive issue of a complaint to Dr. Brockman where the doc's in G-Block. Where tampering with my Heart & Healthy Meals as well as SACK meals. By taking my food trays, and deducting items out of my meals. I also wrote to CAPTAIN Honkle of the same issue seeking for some type of regulation on Staff misconduct.

So by me addressing this to Mental Health and the serious nature of it that would force one to stop eating and suffer by not eating. Because CIO's do not honor Policy 4700.000 Heart & Healthy and Alternative Meals that I get for enticement tactics.

Mental Health failed to process my complaint and take my nature as a sensitive matter. And disregarded my issues as well as played dumb when I addressed the same issue to them. I'm a chronic care inmate with diabetes, high blood pressure, etc. And have a mental illness of anxiety and impulsive disorder. I tried to trust Mental Health with my problem of ongoing issues of the misconduct of correctional officers neglecting to honor my dietary meals according to policy 4700.000. However this issue is a sensitive and Mental Health did neglect to file as a Report of Crisis to higher command. Therefore I'm highly disputing their neglect in process my complaint as Mental Health policy states: When an inmate brings a sensitive nature to Mental Health on Staff misconduct whether it's PREA related or staff contaminating an inmate food meal. Mental Health is to intervene as to Intervention Protocol PURSUANT to PROGRAM STATEMENT 5324.12. Whether PREA concerns, etc. IF Sensitive

This is in response to your Informal Resolution request received on February 19, 2019, wherein you assert that concerns about your meal trays are not being appropriately addressed by Psychology.

Concerns about food trays fall under the purview of Food Services, and Psychology has no authority over these issues. Review of your Psychology records reveals that you are being seen regularly by Psychology, and you are being provided with services consistent with policy and your reported needs. You are encouraged to address these concerns with Food Services staff and your unit Lieutenant.

ADMINISTRATIVE REMEDY RESPONSE

This is in response to your Request for Administrative Remedy received March 1, 2019, wherein you assert that your concerns about your meal trays have not been appropriately addressed by Psychology.

Review of this matter reveals that you are being seen regularly by Psychology and that you are receiving services consistent with policy and your reported needs. Concerns about food trays or issues with custody staff may be appropriately addressed through Food Services and/or your unit Lieutenant. You are encouraged to begin working on the coping skills included in the SMU programming materials and to report any new mental health symptoms you are experiencing to Psychology either via cop-out or during unit rounds so that appropriate interventions can be determined.

Based on the above findings, there is no basis for relief, and your Request for Administrative Remedy has been denied.

If you are dissatisfied with this response, you may appeal to the Regional Director, United States Federal Bureau of Prisons, Northeast Regional Office, United States Customs House - Seventh Floor, Second and Chestnut Streets, Philadelphia, PA 19106, within twenty (20) calendar days from the date of this response.

Administrative Remedy No. 960665-A1

Part B - Response

This is in response to your Central Office Administrative Remedy Appeal wherein you allege ongoing neglect for the treatment of your chronic care issues, to include not being provided insulin for diabetes. You further allege you suffer from high blood pressure and anxiety, for which you receive no treatment. For relief, you request a transfer to another facility where you can receive appropriate medical and mental health treatment.

We have reviewed documentation relevant to your appeal and, based on our findings, concur with the manner in which the Warden and Regional Director responded to your concerns at the time of your Request for Administrative Remedy and subsequent appeal. Our review reveals you were evaluated by a physician on March 4, 2018, in chronic care clinic encounter. At that time, your only complaint was burning after eating. Your blood pressure was normal and your A1C test on February 19, 2019, was noted to be 6.0 (otherwise within normal limits). Additionally, evaluation by the psychologist on March 13, 2019, indicated your mental status, emotional expression, and behavior do not suggest significant mental health problems. You provide no evidence to substantiate your allegations that you are not receiving medical and mental health treatment.

The record reflects you have received medical care and treatment in accordance with evidence based standard of care and within the scope of services of the Federal Bureau of Prisons. You are encouraged to comply with proposed medical treatment so Health Services can continue to provide essential care and to contact medical personnel through routine sick call procedures should your condition change.

As indicated in the lower level responses to this appeal, you do not currently meet the criteria for a transfer based on medical or mental health needs. Accordingly, your appeal is denied.

Part B - Response

You appeal the February 27, 2019 decision of the Discipline Hearing Officer (DHO) at USP Lewisburg finding you committed the prohibited act of Refusing a Drug Test, Code 110, Incident Report No. 3223740. Although you declined to appear before the DHO to present a defense to the charge, you now contend the reporting Officer violated several policies. You request the Incident Report be expunged.

Program Statement 5270.09, Inmate Discipline, states "the reviewing official is limited in determining if the UDC or DHO could have rationally concluded that the evidence supports the decision, and not necessarily whether the reviewing official would have made the same decision had that official been a part of the UDC or DHO proceedings." Therefore, the reviewing official is not authorized to consider evidence that was not presented at the DHO hearing and/or to re-weigh the evidence presented to the DHO. On appeal, the reviewing authority may only determine if the DHO's decision was rational. A review of the disciplinary proceedings revealed no due process concerns or deviations from policy. The record reflects the DHO afforded you the opportunity to present evidence and provide a statement in your defense. Your written statement to the DHO was considered prior to the rendering of its decision. The DHO rationally concluded the greater weight of evidence supported staff's account of the incident.

The record in this case reflects substantial compliance with Program Statement 5270.09, Inmate Discipline Program. The decision of the DHO was based upon the greater weight of the evidence, and the sanctions imposed were consistent with the severity level of the prohibited act. The sanctions imposed, disallowance of 40 days of good conduct time and six months loss of visiting privileges, were not disproportionate to your misconduct. Accordingly, your appeal is denied.

If you are dissatisfied with this response, you may appeal to the General Counsel, Federal Bureau of Prisons. Your appeal must be received in the Administrative Remedy Section, Office of General Counsel, Federal Bureau of Prisons, 320 First Street, N.W., Washington, D.C. 20534, within 30 calendar days of the date of this response.

You appeal the January 7, 2019 decision of the Unit Discipline Committee (UDC) regarding incident report #3208733, where you were found to have committed the prohibited act of Refusing to Work or Accept a Program Assignment, Code 306 and Refusing to Obey an Order, Code 307. Our review of your disciplinary proceedings indicates compliance with Program Statement 5270.09, Inmate Discipline Program, and we concur with the responses provided by the Warden and Regional Director. The UDC considered all evidence presented at the hearing and documented the specific evidence relied upon to support their decision in Section 19 of the incident report. This is in response to your Central Office Administrative Remedy Appeal where you allege staff members at USP Lewisburg have been tampering with your food by removing food items from your alternative meal bags. You contend this alleged action is grounds for termination and request staff be held accountable.

As indicated by the Warden and Regional Director, your allegation of staff misconduct regarding your meals was forwarded to the appropriate authority for review. The review failed to substantiate your claims. If you find a discrepancy with your meal, it is suggested you advise staff at that time so immediate action can be taken.

Accordingly, your appeal is denied.

ADMINISTRATIVE REMEDY RESPONSE

This is in response to your Request for Administrative Remedy received March 1, 2019, wherein you assert that your concerns about your meal trays have not been appropriately addressed by Psychology.

Review of this matter reveals that you are being seen regularly by Psychology and that you are receiving services consistent with policy and your reported needs. Concerns about food trays or issues with custody staff may be appropriately addressed through Food Services and/or your unit Lieutenant. You are encouraged to begin working on the coping skills included in the SMU programming materials and to report any new mental health symptoms you are experiencing to Psychology either via cop-out or during unit rounds so that appropriate interventions can be determined.

Based on the above findings, there is no basis for relief, and your Request for Administrative Remedy has been denied.

If you are dissatisfied with this response, you may appeal to the Regional Director, United States Federal Bureau of Prisons, Northeast Regional Office, United States Customs House - Seventh Floor, Second and Chestnut Streets, Philadelphia, PA 19106, within twenty (20) calendar days from the date of this response.
